TECU 2015 Summer Bus trip!

Our most recent bus trip was a great success! Beautiful weather made our tour into Norfolk County a wonderful experience. Travelling from down town to our first stop at the Good Bread Shop in the historic town of Vittoria was quite pleasant. They had fresh baked delights that were irresistible. We enjoyed fresh baked butter tarts and bread, some of it was still warm! We also got to meet the master baker/owner who gave us some insights to his passion for using local products to make over 50 types of bread and desserts, including varieties suitable for those with dietary restrictions and food sensitivities. We also were able to stop off at the Unique gift Shop. Home of the historical original firehouse of Vittoria, many art pieces were also available for purchase by talented local artists. From Vittoria, it was a short drive over to charming Port Dover, where we enjoyed a Luncheon of Choice at the popular Erie Beach Hotel. We started with a selection of Salads, that were incredible. We then enjoyed fresh Perch or Grilled Chicken Breast. Finishing off lunch we had a delicious and refreshing Sherbet and Tea/Coffee. We were able to walk off our lovely lunch exploring the shops and sights of Port Dover. The beach was beautiful and the boutiques had many hidden treasures. Then it was off to Kernal Peanuts, the largest producer of Canadian grown peanuts. Their gift shop had a delicious assortment of peanuts and other nut varieties, not to mention the candies, fudge, cider and gifts. Leaving Norfolk County we headed for home, making a stop enroute in Waterdown to visit

the Dutch Mill Country Market for a little shopping and browsing time. What a wonderful assortment of unique and beautiful items. Many members took a chance to treat themselves to something and then got a chance to relax in the sun. Those who felt adventurous took a stroll through the farm area and petted a few of the critters! You can visit our website at www.theenergycu.com to see many pictures of our day trip. If you missed this trip and would like to get on the mailing list for our next one, please contact our offices to make sure you are not disappointed.

Protect yourself when shopping online

It's never been easier to buy what you want, when you want it, especially since the majority of retailers now have an online shopping site and you can browse their stores without ever stepping foot in them.

And with a countless number of online auction sites available, there is the added thrill of bidding on items you want and getting them at the lowest possible price.

Before you click "confirm" on a purchase or bid, be aware of who you're dealing with – whether it's a reputable retailer or an unknown seller halfway around the world – and do everything to you can to protect yourself online.

- An indicator that a website should be secure is the lock icon or unbroken key in the bottom right corner of the screen or a website address that begins with https://.
- Double check that the website address begins with https:// ("s" is for "secure").
- Pay by credit card if you can. Do not send cash.
- Be on the lookout for prices that are too

good to be true. They're likely counterfeits.

- Read the privacy policy and find out how your information will be used.
- Don't respond to an email or pop-up message that asks for financial information. Legitimate companies don't ask for this information this way.
- Read your credit card statements and check for unauthorized charges.
- Make sure your firewall is "on". For example, Windows Firewall is on by default on the latest version of Windows, make sure it isn't turned off:
- Don't use public Wi-Fi to shop online.
- Open Windows Firewall by clicking the Start button then the Control Panel
- In the search box type "firewall" then click Windows Firewall
- In the left pane, click Turn Windows Firewall on or off
- Don't allow auto fill for your passwords or personal information, like your address, and never allow a site to store your credit card information.
